RAKESH PAL

AI/ML Engineer — Python — Machine Learning — GenAI — FastAPI

Kolkata, West Bengal, India — +91-7501678411 — rakeshpal932004@gmail.com

GitHub — LinkedIn

PROFESSIONAL SUMMARY

B.Tech Computer Science & Engineering student specializing in **Artificial Intelligence & Machine Learning**, with an academic score of **8.07/10 through the 6th semester**. Skilled in **Python, Machine Learning, NLP, Generative AI, Computer Vision, REST APIs, and FastAPI**. Experienced in developing practical AI and software projects, including a **Rule-Based Chatbot, Face Detection AI, and Tic-Tac-Toe AI**. Passionate about building intelligent software solutions and continuously developing industry-ready technical skills.

EDUCATION

Brainware University Kolkata, West Bengal

B.Tech in Computer Science & Engineering — Artificial Intelligence & Machine Learning **2023 – 2027**

Academic Score: **8.07/10** (through 6th Semester)

TECHNICAL SKILLS

Programming	Python, JavaScript
AI & Machine Learning	Machine Learning, NLP, Generative AI, Computer Vision
Python & Data Science	Pandas, NumPy, Scikit-learn
Backend & APIs	FastAPI, REST APIs
Tools & Technologies	Git, GitHub, Docker

PROJECTS

Rule-Based Chatbot *Python — Streamlit — Chatbot Development*

- Developed an interactive **rule-based chatbot** using Python and Streamlit.
- Implemented rule-based conversational logic to handle user queries and responses.
- Created a web-based chat interface for interactive user communication.
- Implemented session-based chat interaction and customized the application interface.
- **GitHub:** rule_based_chatbot.py

Face Detection AI *Python — Computer Vision*

- Developed an AI-based face detection project using computer vision techniques.
- Worked with image processing and face detection concepts.
- Implemented Python-based tools and libraries for detecting faces in images or video.

Tic-Tac-Toe AI *Python — Artificial Intelligence — Game Logic*

- Developed an AI-based Tic-Tac-Toe game.
- Implemented game logic and artificial intelligence concepts.
- Explored decision-making algorithms to create an intelligent opponent.

CERTIFICATION & ACHIEVEMENT

FLY SMART — AI Drone Innovation Camp 2026 *Brainware University*

- Participated in **FLY SMART — AI Drone Innovation Camp 2026**.
- Explored AI and drone-related innovation concepts.

CAREER TARGET

Target Role: AI/ML Engineer — Fresher / Junior

Career Focus: Machine Learning • Artificial Intelligence • Generative AI • NLP • Computer Vision • Python • AI Application Development
